

Public Meetings

Topic: Mandatory Water Conservation and the Agricultural Community

The Sonoma County Water Agency (Agency) will be hosting a series of public meetings to discuss how the agricultural community can help reduce water consumption this summer. The State Water Resources Control Board has ordered the Agency to reduce water diversions from the Russian River by fifteen percent beginning July 1 through October 28, 2007. As a part of that Order, the Agency must create a work plan that outlines how the agricultural community will assist with the reduction Order. Attend this meeting to learn more about the Order and help establish best practices for water use reductions.

Speakers:

Mark Greenspan, Ph.D.
Viticulturist, Advanced Viticulture, LLC

Representatives from the Sonoma County Water Agency

Dates:

June 26, 2007
